# It's all Q!

***"Even as a slur, the word described those who exist outside of what society mandates." —***

**Steven "Z" Patton, community activist and public speaker (he/she/they)**

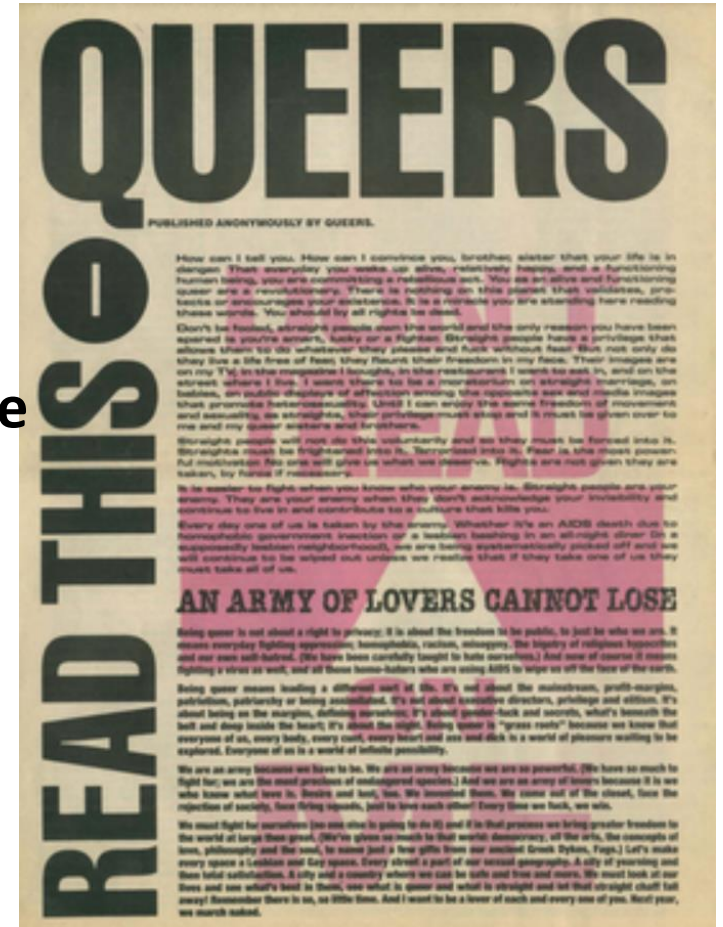

# It's all Q!

“For some, Queer means Strange. That’s okay, we like that. But some gay girls and boys dont. They think they are more normal than strange.

When a lot of lesbians and gay men wake up in the morning, we feel angry and disgusted, not gay.

Using Queer is a way of reminding us how we are perceived by the rest of the world.”

original essay reads "published anonymously by queers“.
